## Search and Rescue Begins Busy Season

The Wasatch County Search and Rescue department began their busy winter season with three rescues on Saturday, January 8th.

The first case was of a man on a snow mobile who had gotten lost in the mountains. He called Johnny Wetsel of the Search and Rescue Department on his cell phone who then gave him directions. The lost individual made it out without a major search being initiated.

Later that day there was a search for two men who had gotten lost searching for their wives who had not met after their day of snow mobiling. The wives had made it safely down the mountain on their own but they had not gone to the same meeting place that their husbands had gone to.

When the husbands failed to meet up with their wives, they went back up the mountains to search for their wives. They subsequently got lost and the
